In addition to this information please read the: Seminar Changes & General Information Page located in this section of the website prior to attending.

Warning: The topic of child abuse is a confronting issue. CPS advises that whilst seminars are custom designed in order to meet the specific needs of individual clients (voluntary and professional) as well as organisations, that some components may be disturbing. If for personal reasons a participant is in doubt, they should discuss the situation with the seminar coordinator, pastor or CPS before attending.
It is the responsibility of each church/organisation to have a designated pastoral carer in attendance.
